

# THIS CHURCH KEEPS CHILDREN AND YOUNG PEOPLE SAFE

All the leaders and all other people at this church **CARE** about children's safety.

Everyone wants to **HEAR** how children are feeling and will take them seriously.

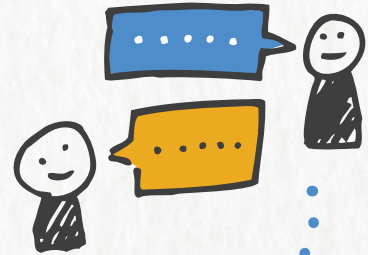

We treat all children **FAIRLY**, and we give special help to some children when it is needed.

If a child or young person is worried about something, they can **SPEAK** with an adult who will listen to them.

We make sure the people working with children are the **BEST** ones.

We **TALK** with all the family when we make plans.

We keep **LEARNING** about how to keep children and young people safe and well.

We make **SAFE** physical and online spaces for children and young people.

We look back at our **PLANS** to make sure children were safe and make changes for next time.

We write down **HOW** to keep children safe and make sure everyone can see it.
